WORK HISTORY

AI Engineer at Zalando

04/2020 - 06/2023 (3 years)

- Achievements Tasks Design scalable machine learning algorithms to enable selfdriving software to identify safe and efficient routes.
- Created image processing algorithms and toolkits to enable systems to quickly analyze data from multiple sources.
- Played a key role in development of next-generation software, transforming concepts into early-stage prototypes.
- Lauded for proactively identifying risks and partnering with colleagues to devise effective solutions.

Machine Learning Developer at BriksCoder

03/2015 - 03/2020 (5 years)

- Achievements Tasks Built statistical models using Bayesian inference and other ML methods to analyze trading data and predict market trends.
- Leveraged knowledge of TensorFlow, Scikit-learn, and Keras to develop neural network models based on deep learning and data mining technologies.
- Delivered presentations to senior executives and stakeholders on strategies to improve profitability and reduce risks using ML, AI, and natural language processing.

EDUCATION

National University of Singapore Singapore, Singapore

Graduated 2015

- Master of Science in Machine Learning

Graduated 2021

- TensorFlow Developer Certificate Google

Microsoft

Graduated 2022

- Microsoft Certified Azure AI Engineer Associate

Graduated 2023

- Professional Machine Learning Engineer (PME) Goog

SKILLS

- Computer customer services , 10 years

LANGUAGES

- English, Bilingual

SOCIAL NETWORKS

- Facebook, <https://KizzieMagby>
- Twitter, <https://KizzieMagby>
- Linkedin, <https://www.linkedin.com/in/thomas-fromm-25ab898/>

ABOUT ME

- I served in the military

- I have a drivers license
- I have management experience : 15 years
- I have a security clearance
